Judicial Redistricting Commission  
Legislative Services Division  
PO Box 201706  
Helena, MT 59620-1706

Dear Commission Members:

The Sanders County Board of County Commissioners is very concerned about the Judicial Redistricting Proposal to combine Mineral and Sanders Counties into one district.

Sanders County has benefited by working with Lake County. Both counties have portions which are on the Confederated Salish and Kootenai Reservation and have cases that overlap. We believe that removing a judge from Lake County, which had over 1600 cases in 2015, would create a hardship. Additionally Sanders County had 464 cases in 2015, about a 7.5% increase over 2014, so you can see the workload appears to be increasing.

We strongly oppose any redistricting that would separate Sanders and Lake Counties into different districts. With regard to Mineral County, we would support including Mineral County into our current district as long as the district is able to retain a minimum of two judges.

Sincerely,

Glen E. Magera

## Committee explores new District Court

A proposal to be discussed at an  
interim committee meeting April 6 could  
redistrict the current 20th Judicial District,  
creating a new district for Sanders and  
Mineral counties.

Proposed by State Rep. Nate  
McConnell (D, Missoula) the district  
would create a single judge district from  
the existing framework that shares judges  
between Lake and Sanders counties and  
Mineral and Missoula counties.

It's one of several proposals being  
discussed by the committee that aims to  
redistribute caseloads and help meet the  
rising demands of district courts.

A draft analysis prepared for the April  
meeting notes that currently, the "district  
judge needs" for the 20th Judicial District  
were 2.55 judges including the time allot-  
ted for travel from Polson to Thompson  
Falls each week and for trials. With the  
switch, the demand would drop to 2.03  
judges. The needs for the 4th Judicial  
District, which includes Missoula and  
Mineral counties, was 7.70 judges with  
travel and the change would reduce that to  
7.35.

In the proposed 23rd Judicial District  
of Mineral and Sanders County, the judge

## District Court redistricting

Continued from page 1

Superior would be an estimated 0.98, or just under one judge.

The calculations were based on the district workloads of the courts in 2015.

The plan is far from being a lock, with the process requiring a favorable committee vote and then approval by the 2017 Montana Legislature.

If approved there, it would require a new election for a new district judge that would be held in 2018 for seating at the start of 2019.

No estimates were

provided for cost shifting, but costs could go up for Sanders County if it were necessary that a new judge's office and necessary office expenditures like a judicial assistant were added to the courthouse or other property.

It might be expected that a new judge would reside in Sanders County because of the heavier caseload and a greater population that could favor electing a judge from this area.

Current judges in the 20th Judicial District are Kim Christopher of Polson

and who has ties to the Plains area and James Manley. Christopher has been a judge for 14 years and is currently the president of the Montana Judges Association. She has said she has a deep respect and love for Sanders County. She was originally elected to the position when the 20th District was expanded due to increasing needs in the court.

Manley succeeded retiring Judge C.B. McNeil who was the first judge serving Sanders County when the 20th Judicial

District was created in the early 1980s. The move split Sanders County from the 4th Judicial District where it was served by traveling judges from Missoula County.

The current criminal caseload for Sanders County is on a pace to set a record this year. As the end of March nears, the court has filed 32 new criminal matters which compares with 20 for the similar time last year.
